SAFETY ACTION GROUP (SAG)

Safety Action Group meeting will be conducted department wise on monthly basis. Nodal officer of respective departments will prepare the agenda in house for the SAG meeting. During the meeting the risk is analysed based on the hazard identified. The meeting is coordinated by SMS Nodal Officer of respective department. The minutes of the meeting and agenda of meeting is circulated to flight safety department.

Following are the agenda points for the meeting:

- Outcome of audit/ surveillance
- Applicable CAR revisions
- Change management aspects
- Hazard report received at department

SAFETY ACTION GROUP (SAG)

- Oversees operational safety performance within each department of Alliance Air and ensures that appropriate safety risk management activities are carried out with staff involvement as necessary to build up safety awareness;
- Coordinates the resolution of mitigation strategies for the identified consequences of hazards and ensures that satisfactory arrangements exist for safety data capture and employee feedback;
- Coordinates the implementation of corrective action plans and ensures that corrective action is taken in a timely manner;
- Reviews the effectiveness of previous safety recommendations; and

SAFETY ACTION GROUP (SAG)

- Oversees safety promotion activities as necessary to increase employee awareness of safety issues and to ensure that they are provided appropriate opportunities to participate in safety management activities.
- If the resource required for implementation is limited with Chief of Department, the matter will be taken up with higher authority.
- If the risk factor is above tolerable, the meeting will escalate the matter to higher authority to take necessary action.
- Preparation and monitoring of departmental SPI's with action Plan.
